

Connie Snyder Serves BC as Interim Dean for Student Services

Bainbridge College President Tom Wilkerson appointed Director of Admissions and Records Connie Snyder to serve as interim dean for student services. With her new duties, Dean Snyder has overall administrative responsibility for the Student Affairs Division.

“We are fortunate to have someone with Connie's experience and dedication to our students,” President Wilkerson said. “In many ways Connie Snyder is Miss Bainbridge College,” he said when he announced her 2009 silver award for customer service from Chancellor Erroll B. Davis (*details below*). “Saying that she is dedicated to helping students vastly understates her deep devotion to the well-being and future of every student who comes to our college.”

Dean Snyder, who also received a customer service commendation from Governor Sonny Perdue, will continue her emphasis on customer service as she handles the duties left when Vice President for Student Affairs and Enrollment Services Marty Clay resigned to become provost at Eastern New Mexico University in Roswell, NM.

Dean Snyder has served the school in a variety of capacities since 1987. She often speaks to civic groups and at GED graduations, inspiring others to persevere by sharing her experiences of earning a GED and subsequent higher education. She strives to attend GED graduations and has missed only one for Decatur County.

The BC alumnae earned her associate of applied science degree in secretarial science and continued her education at Valdosta State College. After earning her bachelor's degree in education, she earned a master's in counseling and psychology from Troy State University at Dothan. She completed board certification in university crisis response through Clayton College and State University.

In addition to volunteer work with GED students, individual counseling, and respite care for families, she is involved in many civic endeavors including Flint River Hospice and Family Connection.

Bainbridge College Admissions Director Connie Snyder receives her Silver Award for Customer Service from Chancellor Erroll B. Davis.

College Receives Additional Honor **BC Admissions Director Connie Snyder Earns Statewide Award**

Connie Snyder, who serves as Bainbridge College admissions and records director, received the Silver 2009 Chancellor's Customer Service Award for an individual. She was honored by Chancellor Erroll B. Davis and Governor Sonny Perdue at an awards ceremony in Atlanta Sept. 15 at the meeting of the Board of Regents of the University System of Georgia. In addition to her honor, Bainbridge College received Honorable Mention for the 2009 Chancellor's Customer Service Institution of the Year Award.

"This is wonderful news of our own Connie Snyder," said BC President Tom Wilkerson. "Given the number and strength of the nominations from across our system, her award is especially significant since it demonstrates so clearly what those of us privileged to know and to work with Connie have always known: In many ways Connie Snyder is Miss Bainbridge College. Saying that she is dedicated to helping students vastly understates her deep devotion to the well-being and future of every student who comes to our College."

In addition to extending congratulations to Ms. Snyder for her excellent award, President Wilkerson told the BC community to give "a round of applause for the College's being named to the Honorable Mention list for customer service." He reminded the BC family that it has collectively earned four customer service awards since the current Customer Service Initiative began. "That makes a powerful statement about us as a community. Thank you for all that you continue to do for our students. I am grateful," Dr. Wilkerson said.
