

COURSE NUMBER & TITLE: CE 610 Defensive Driving

COURSE DESCRIPTION: **This course is applicable to adults and young drivers alike. What's in it for you?** You save money on your auto insurance by successfully completing this National Safety Council Defensive Driving Course! What's more important is the fact that you may prevent a tragic accident that could cause you and others serious injury or death. The goal of this program is to successfully provide students with the knowledge, motivation and insight needed to become responsible and safe drivers. The course includes methods to avoid traffic accidents, building confidence in driving skills, ways to avoid possible injuries or fatal collisions, and how to develop a defensive driving attitude. By learning these skills, we can protect ourselves and others in our vehicle while making the road safer for everyone. **In addition, we will be providing tips for increasing your gas mileage.** *This course qualifies for the 10% discount on insurance rates in Georgia.* **Eligibility for the discount will continue for three years, provided that no driver commits a moving traffic offense or has a claim against the policy based on an at-fault accident.** Please consult with your insurance agent to determine exactly how completion of this program will affect your insurance rates.
