The Bainbridge State College Associate of Science Degree in Nursing Program welcomes applications from all qualified individuals. Admission to the Program is a competitive process. Completion of the admission requirements only places you in the pool of eligible candidates and does not guarantee admission.

The TEAS placement exam is a mandatory part of the application process that must be fulfilled for the application to be considered complete. Please contact the Testing and Career Development Center at (229) 243-3026 to schedule an appointment to sit the exam; only two attempts are allowed and the highest score earned is considered. You will be required to bring a picture I.D. as well as a debit or credit card. Additionally, scores should be sent with the completed application.

Applicants with the strongest academic credentials will be selected. All required information must be included for the application to be considered. The application packet will be found to be incomplete if all required information is not submitted by stated deadline. All incomplete applications or applications received after the deadline will not be considered. Please note there is no interview process scheduled for this admission cohort.

Admission to the program is competitive and the number of students is limited by the number of faculty and clinical facilities available. Any student who provides false information on the Nursing Program application will be excluded from admission. If the false information is discovered after the applicant has been accepted into the program, the applicant will be dismissed from the program.

For additional questions regarding the ADN program or admission, please contact the Faculty and Staff of the Nursing Program at 229-243-4280 or via email at ashley.robinson@bainbridge.edu.

________________________________________________________________________________

I understand by having two nursing failures in any institution of higher learning makes me ineligible for admission to the Bainbridge State College ADN program.

I understand that by completing this application, I am not guaranteed admission into the program.

I certify that the information given in this application is complete and accurate and understand that providing false information on this application may result in immediate dismissal from the admission process and/or the nursing program.

________________________________________________________________________________

Applicant’s Signature     Date
Student Release and Responsibility Notification

- I understand and agree that I am bound by Bainbridge State College’s regulations as published in the college catalog and in the nursing student handbook.

- I understand that if I am admitted to the Nursing program, I must submit, by the date required, the completed Health History/Physical Exam, Immunization Record, TB Skin Test and/or Chest X-Ray, Drug Screen, Health Insurance, and Liability Insurance. I understand that these requirements are my financial responsibility. I understand that if I do not obtain the recommended vaccinations, I must provide physician documentation that states the reason for deferral. I understand that a clinical facility may not allow students who defer vaccinations to participate in clinical rotations or may require the use of special equipment while in the facility. I understand that if I do not submit this information in its entirety that I will be withdrawn from the Nursing program.

- I understand that if I am admitted to the Nursing program, I am responsible for all personal health care expenses including expenses resulting from accident or sickness, illness or injury while I am engaged in learning experiences required by Bainbridge State College Associate Degree Nursing Program. I also give permission for emergency treatment to be rendered to me if necessary. I understand that Bainbridge State College, the nursing program, and/or the clinical sites are not responsible for any expenses incurred.

- I understand that if I am admitted to the Nursing program, it is my responsibility, throughout the program, to keep my immunizations and TB skin testing current. I agree to inform my instructors or the program director of any health problem that could possibly affect my performance and the welfare of my patients in the clinical area.

- I understand that if I am admitted to the Nursing program, I may be required to attend a Basic Cardiac Life Support (BLS) course unless previous certification has been obtained. I further understand that it is my responsibility to ensure that I remain certified, and am able to provide a valid American Heart Association BCLS card at all times.

- I understand that upon selection for admission, I am required to complete a criminal background check via PreCheck services and progression in the program is contingent upon student acceptance at clinical facilities. I give permission to release the results of my Criminal Background and Drug Screen to all clinical facilities. I understand that denial of acceptance by clinical facility may result in being unable to fulfill clinical requirements and dismissal from the program may occur. In addition, information will be provided regarding student requirements of drug screen, physical and immunization record, current CPR card, liability, and health insurance as indicated by the clinical facility. I understand the ADN faculty and/or clinical instructors may request random drug testing at any time.

- I understand that if admitted to the Nursing program, I will procure and maintain health insurance and liability insurance coverage throughout my tenure in the program. Bainbridge State College offers personal health insurance at the student’s cost; however, external insurances may also be used. If my insurance policy should change at any time for any reason, I will notify the Bainbridge State College Associate Degree in Nursing Program, in writing, of the change.

- I understand the Traditional ADN program is 5 semesters in length with class and clinical times varying per semester depending on the courses enrolled. I understand this program must be completed within a 3 year period.

Admission Standards

Minimum admission standards for the program include:

1. Admission to Bainbridge State College, including submission of all high school, GED, and college transcripts as well as payment of all associated fees.
2. Completed application for the ADN program by the deadline.
3. Student must provide copies of transcripts from ALL colleges/universities attended with this application.
4. Have completed successfully all developmental classes for degree level programs.
5. A student will not be eligible to enter the program if they have failed a core class twice within the last 3 years.
6. A student who has failed two or more nursing courses in any RN program within the last 5 years will NOT be eligible for admission.
7. Human Anatomy & Physiology and Microbiology courses must have been taken within 5 years of admission to the ADN program.
8. Have earned a minimum cumulative grade point average of 2.5 on all courses taken. If a pre-requisite course has been taken twice – the higher of the two earned attempts will count. Students must have successfully completed the following core classes with a grade of “C” or higher prior to admittance to the BSC ADN Program.
   - ENGL 1101 English 1101
   - BIOL 2111 Human Anatomy and Physiology I
   - BIOL 2112 Human Anatomy and Physiology II

* The nursing program is both a challenging and rewarding educational experience and requires time and dedication. Therefore, it is recommended that the student complete all core classes or a majority prior to beginning the program. However, all core classes must be completed prior to entering the final semester, NURS 2050, Advanced Nursing Concepts.*

9. Take the TEAS nursing entrance examination by July 1, 2016. TEAS scores are valid for two years. Only two attempts are allowed. Scores should be submitted with this application.
Student Selection Criteria

The following criteria will be utilized to rank the applicants by a composite sum. Applicant scores will be ranked from highest to lowest using the attached selection criteria. Notification of acceptance will be mailed. **Notification of acceptance will be made by mail by August 8, 2016.**

**Criterion I**

Students must have completed the following core classes with a grade of “C” or higher prior to admittance to the BSC ADN Program. All other required courses may be completed while enrolled in the ADN program.

<table>
<thead>
<tr>
<th>Course</th>
<th>Points Available</th>
<th>Grade</th>
<th>Points Awarded</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 1101</td>
<td></td>
<td>A=3; B=2; C=1; D= -1; F= -2</td>
<td></td>
</tr>
<tr>
<td>BIOL 2111</td>
<td></td>
<td>A=6; B=4; C=2; D= -1; F= -2</td>
<td></td>
</tr>
<tr>
<td>BIOL 2112</td>
<td></td>
<td>A=6; B=4; C=2; D= -1; F= -2</td>
<td></td>
</tr>
</tbody>
</table>

NOTE: If a pre-requisite course has been taken twice – points will be awarded based on the highest grade earned. Additionally, the Human Anatomy and Physiology courses as well as General Microbiology must have been taken within five (5) years of the program entry date.*

**Criterion II**

Students must have an overall (cumulative) GPA (Grade Point Average) of 2.5 on all previous post-secondary courses.

*Scoring for overall GPA:*
- 4 pts - 3.51 - 4.0
- 3 pts - 3.0 - 3.5
- 2 pt - 2.75 - 2.99
- 1 pt - 2.5 - 2.74

**Criterion III**

Additional admission points may be attained if the student receives any of the following TEAS scores:
- 66-75 - 1 point
- 76-85 - 2 points
- 86-95 - 3 points
- 96-100 - 4 points

**Calculation of Scores:**

<td></td>
</tr>
</tbody>
</table>

*Costs of transportation to clinical facilities will vary and are the responsibility of the student.*
Core performance standards are used to assist students in determining whether accommodations or modifications are necessary and provide an objective measure upon which informed decisions can be based about whether students can meet requirements. A full description of the performance standards will be provided after entrance into the ADN Program.

- Critical thinking: ability sufficient for clinical judgment.
- Interpersonal skills/relations: abilities sufficient to interact with individuals, families, and groups from a variety of social, emotional, cultural, and intellectual backgrounds.
- Communication skills: ability sufficient for interaction with others in verbal and written form.
- Physical abilities: sufficient to move from room to room and maneuver in small spaces.
- Gross and fine motor abilities: sufficient to provide safe and effective nursing care.
- Auditory abilities: sufficient to monitor and assess health needs.
- Tactile abilities: sufficient for observation and assessment necessary in nursing care.
- Visual abilities: sufficient for physical assessment.

The following process will be used:

- Before admission to the nursing major, all students will have information regarding Core Performance Standards.
- After admission to the ADN program, students will be given a copy of the Core Performance Standards located within the ADN student handbook.

If an otherwise qualified student believes that he or she cannot meet one or more of the standards without accommodation or modifications, the nursing program, with guidance from the BSC Disability Coordinator, will determine, on an individual basis, whether or not the necessary modifications can be made reasonably.
Traditional Track Application
Check Sheet
Deadline: July 1, 2016

Please use this form to aid in your collecting/gathering of information and submit with your application.

____ 1. Admission to Bainbridge State College, including submission of all high school, GED, and college transcripts as well as payment of all associated fees.
____ 2. Completed application for the ADN program by the deadline.
____ 3. Student must attach copies of transcripts from ALL colleges/universities attended with his or her application.
____ 4 Minimum GPA of 2.5; have not failed core class two times within the last three years. BIOL classes must not be more than five years old.
____ 5. TEAS test scores (within the last two years) attached with application.
____ 6. Complete prerequisites taken with a C or better:
   *BIOL 2111 Human Anatomy & Physiology I
   *BIOL 2112 Human Anatomy & Physiology II
   ENG 1101 English I
*Taken within the last five years
____ 7. A student will not be eligible to enter the program if they have failed a core class twice within the last 3 years.
____ 8. A student who has failed two or more nursing courses in any RN program within the last 5 years will NOT be eligible for admission
